The world beyond my window

This year's [Young Geographer of the Year competition](#) is now open for entries. The competition, run in partnership with *Geographical* magazine, gives students the opportunity to explore the geography of 'the world beyond my window'.

Although we are currently be confined to our homes, the competition allows students to examine the human and physical geography of places that exist beyond their window, be it locally or further afield. We want to know how young people's lives are connected to and influenced by these places and want to understand how geographical processes in the physical and human worlds have created and might be changing them.

There are four categories for entrants: KS2 (pupils aged 9-11); KS3 (pupils aged 11-14); KS4 or GCSE (pupils aged 14-16); and KS5 or A Level (pupils aged 16-18). The first three categories require pupils to submit an A3 size poster, while A Level students must submit an [ESRI Story Map](#) containing no more than 1,500 words. All entries must adhere to the entry criteria of the relevant age category.

The deadline for the competitions is **5.00pm on Tuesday 30 June**.

THE SUNNY ART PRIZE 2020: INTERNATIONAL ART COMPETITION

[Open Call for Artists - About the Art Prize](#)

The Sunny Art Prize has established itself as one of the UK's most prestigious international art competitions. The scope of this contemporary art prize is about sourcing the most talented artists from all over the world, both established and emerging ones, who produce ground-breaking and innovative artworks. We select artists who work with a wide range of media, making the art prize a varied and stimulating global platform to engage with critical contemporary issues and topics. The art competition is then open to everyone, regardless of location or preferred medium and theme.

Every year, we shortlist 30 artists, among whom we select three winners. All the shortlisted artists have the opportunity to exhibit their work at the Sunny Art Centre, London, a prestigious art institution with an extraordinary collection of old masters and artworks by leading contemporary artists. The winners, alongside seven other artists chosen from the shortlist, have the chance to exhibit their work with our partnering galleries in China. The **exhibiting galleries** are located in cities across China, such as Beijing and Shanghai. They are amongst the leading art institutions in the Asian art market.

This art contest also gives the art prize-winners the chance to experience a one-month artist residency in China. **The Artist Residency Programme** is organised in collaboration with established Chinese art institutions, and it provides the opportunity to engage with historically and culturally rich places in China.

The Sunny Art Prize 2020 is now open for submissions.

Submission Deadline: 30th June 2020
