The Butterfly Project funded by City Bridge Trust

Please note that the programme is currently full but we have a short waiting list. We can accept applications and let you know whether you are successful for the list.

We can still help you and your young person with benefits and financial advice.

This pilot scheme will help 20 young people, who have additional needs, each year to identify any goals that they want to achieve.

This could include:

- Finding a college course
- Applying for an apprenticeship
- Looking for work
- Making friends
- Finding somewhere to live
- Help with benefits or finances
- Or may be something else

We have employed two specialist Transition workers who will be working 1 day a week each to support the young people for the duration with any issues relating to transitions support and help with benefits and finances.

If you have a young person who is interested, and who you feel would benefit from the support and meets the eligibility criteria, then please contact us.

Eligibility Criteria:

- 16-25 years
- Limited access to opportunities
- Can travel independently
- Can fill out their own application form
- LPCF Families prioritised

Our panel will decide who fits the eligibility criteria and we will get back to you as soon as possible with our decision.

NOTE: With the Corona-virus situation, we can continue as planned and young people and parents can be seen via Skype, Zoom, Whatsapp or Facetime in the first instance, until such time as it is safe to meet up.
